The following letter from a man we know to be both reliable and intelligent, shows the existence of a bad state of things in Sullivan, one of the worst counties in this end of the State. Let the Sheriff at once enroll 25 men, mount an arm them, as the new law directs, and exterminate every scoundrel in rebellion. If such force is not equal to the task, let the loyal citizens come to their aid. Where men wholly disregard the civil authorities, and organize as mobs, like these outlaws are doing, let them be met in their own way:

assistance soon they would be ruined.

The Sheriff, Col. Henry Olinger, is a good, brave and true man, and if he had the proper evidence of his authority to call out a force, I have no doubt but

that he would expell them. In the face of all this, see an article in the last! Bristol News, after quoting editorial correspondance of the Nashville Times.

MEDICATED VAPOR BATHS.

MEDICAL NOTICE.

PR. J. T. SALTER WOULD RESPECTFULLY ANNOUNCE TO THE AFFLICTED, that he is now prepared, at his rooms, on Gay street, opposite the Lamar House, Knoxville, Tenn., to administe
this great remedy to all who are afflicted with any form of the above-named disease. Dr. Salter has found, after long and varied
experience in treating this most insidious and inveterate disease, that the only perfectly reliable course of treatment for the
certain eradication of all Syphilitic taint from the system is that of Medicated Vapor Baths, judiciously administered, with the
proper auxiliary remedies. Dr. Salter takes great pleasure in being able to state, that since he has pursued his present mode
of treating this hydra disease, he has not, to the best of his knowledge and being, failed in a single instance of having effected a
radical cure of every case in which the patient has gone through with his regular course of treatment.

His treatment is as mild and pleasant as it is prompt and efficient. No one, who is able at the time he comes under his treatment to go about and attend to business, will have to be confined for a single day during the course of treatment.

That those who have suffered for months, perhaps for years, with this most localisome and destructive disease, that, too, after
having spent large sums in the employment of different physicians and various se-called remedies, may be induced to give his
treatment a trial, he will here state, that he is willing, in every case that he undertakes to cure, to enter into obligations to return
all fees in case he should fail to render entire satisfaction.

Dr. Salter specially treats all diseases peculiar to the Urinary and Generative Organs. Also, Chronic Disease of every character, particularly of the Blood, the Skin, and the Nerves.
